Comment: If "costs capitalized on the balance sheet: property, plant and equipment" line 2C1 cannot be derived from the change in the asset accounts, an optional method is to tag the asset transactions that affect this line. The transactions identified thus far that affect "costs capitalized on the balance sheet: property, plant and equipment" include purchases net of vendor overpayments, donations, transfers-in, transfers-out and the book value of assets sold or disposed of if a budgetary resource is recognized for the proceeds of the sale. Agencies also may find it useful to accumulate the amounts needed from these transactions in an agency-defined memorandum account (9000 series).

Note that other asset transactions that have yet to be identified also may affect this line.

Comment: For losses incurred when an asset is sold or disposed of and a budgetary resource is recognized, two options exist for reporting the loss on the Statement of Financing. The first option is to include the book value in section 2C: Costs Capitalized on the Balance Sheet and exclude the loss in section 3: Components of Costs of Operations that do Not Require or Generate Resources. The second option is to include the loss in section 3. Then, in section 2C, include the book value of the asset less the loss. The second option is addressed in the "Special Edition" of the "FASAB News," dated August 1998, updated March 1999.

Eliminations: Eliminations will track directly to the Statement of Budgetary Resources and other financial statements that have been tagged. Refer to those statements for elimination pairs for the Statement of Financing.

IMPORTANT NOTE: As with a cash-flow statement (no longer required in the Federal sector), the Statement of Financing requires a level of detail beyond that of the SGL accounts. In some instances, such as capitalized asset acquisition and disposition, agencies must analyze transactions to obtain required data. Additional information regarding preparation of this statement is available as illustrative guidance published by FASAB in a special edition newsletter, dated March 1, 1999. This guidance is available on the FASAB website at www.financenet.gov/financenet/fed/fasab/news.htm.
